## STEINER RANCH DESIGN GUIDELINES / SUPPLEMENTAL CONDITIONS

*\*This information is supplemental to the Steiner Ranch Residential Design Guidelines Manual that was adopted by the SRMA Architectural Committee on September 2, 1997 and revised on March 9, 2007. Please refer to that document for all general Architectural Guidelines.*

### **Santaluz: River Dance Phase 5**

#### **Lot/Block Description**

**River Dance Phase 5, Block R, Lots 1-50; Block S, Lots 1-39.**

#### **Building Area**

- **2,800 square foot minimum to 4,800 square foot maximum** of habitable floor space (conditioned living area) measured to outside face of masonry. This excludes garages, gazebos, patios, basements, cabanas, decks, porches, etc.

#### **Structure Setbacks**

- **Front yard** setbacks shall be a minimum of 25 feet, or as shown on the subdivision plat.
- **Side yard** setbacks facing streets shall be 15 feet per plat.
- **Interior side yard** setbacks shall be a minimum of 5 feet on each side, with a combined total of at least 15'.
- **Rear yard** setbacks shall be a minimum of 30 feet.
- Setbacks are measured from property line or edge of pavement on joint-use driveways, and are inclusive of any easements shown on the plat or recorded by separate instrument.
- In no case shall structure, including overhangs, encroach into *easement* areas.

#### **Site Work**

- Prior to lot clearing, silt fence must be installed on downhill sides of the lot.
- Prior to lot clearing, construction fencing must be installed on all property lines abutting adjacent lots. Permanent required fencing must be installed prior to lot clearing on property lines abutting greenbelt or open space lots. In cases where no permanent fence is required, then orange construction fence must be installed prior to lot clearing on lots abutting greenbelt or open space lots.
- Builder construction access, parking, construction staging, materials/debris storage, or construction activity is prohibited on greenbelt lots, open space lots or any vacant residential lots.

#### **Facade Design**

- In addition to any street facing front or side elevations, the rear elevations on the following lots must be 100% masonry, exclusive of minimal non-masonry architectural treatment or detailing that may be approved by the Architectural Committee: **River Dance Phase 5, Block R, Lots 1-11, & Lots 49-50**. Also, the side (greenbelt facing) elevation on the following lots must be 100% masonry: **River Dance Phase 5, Block R, Lots 1, 7, 8, 17, & 50**.

### Fencing and Walls

- Bronze wrought iron style fence will be required at the rear property line of the following lots: **River Dance Phase 5, Block R, Lots 1-13, 15, 16, & 49-50**; and street or greenbelt sides of the following lots: **River Dance Phase 5, Block R, Lots 1, 7, 8, 16, 17 & 50**. Standard wood picket fencing is optional at all other side and rear property lines, as defined in the Residential Design Guidelines Manual, unless otherwise approved by the Architectural Committee. The option remains to replace the rear property wood picket fence with 5' or 6' tall wrought iron style fence, if the rear property line is adjacent to a greenbelt area, with no further approval.
- No private access gates from single family lots are allowed to any of the greenbelt or common area lots.

### Landscape Design

- In addition to the standard landscaping requirements, the following lots will require two additional 4" caliper or three additional 3" caliper canopy trees, as specified in the approved plant list of the Design Guidelines Manual, in the rear yard: **River Dance Phase 5, Block R, Lots 1-11, & Lots 49-50**.
- Also, the greenbelt or street facing side yard on the following lots will require two additional 4" caliper or three additional 3" caliper canopy trees, as specified in the approved plant list of the Design Guidelines Manual: **River Dance Phase 5, Block R, Lots 1, 17, & 50**.
- Credit at a ratio of 2:1 will be given for existing hardwood trees that remain on the lot as follows: If four (4) existing canopy trees, as defined in the Design Guidelines Manual, of 6" caliper or more are in the specified yard (front, side, or rear), the two (2) new 4" canopy trees required for that yard will not be required. If two (2) existing canopy trees, as defined in the Design Guidelines Manual, of 6" caliper or more are in the specified yard (front, side, or rear), one of the two (2) new 4" canopy trees required for that yard will not be required.
